🌐 marsja

I am occasionally blogging, and interacting, with the society through my blog marsja.se. On this blog, I publish programming tutorials and guides (data visualization and data analysis, mainly). Occasionally, I also publish information about my research.

Marsja, E. (2016, July). Python Programming in Psychology – From Data Collection to Analysis. *JEPS Bulletin - The Official Blog of the Journal of European Psychology Students*. **Invited Blog Post**.
